Dear Esteemed Students, Faculty, and Parents,

As we gather to commemorate another successful year at MEMS, it is with great pleasure and pride that I extend my warmest welcome to each and every one of you. Our annual souvenir serves as a testament to the collective efforts, spirit, and achievements of our entire school community.

The time after covid has undoubtedly presented us with numerous challenges and uncertainties. However, in the face of adversity, our school community has demonstrated remarkable resilience, adaptability, and determination. It is during times of challenge that true character is revealed, and I am immensely proud of the unwavering spirit and dedication displayed by our students, faculty, and staff.

Within the pages of this souvenir, you will find a reflection of the diverse talents, accomplishments, and milestones achieved throughout the year. From academic achievements to extracurricular successes, each contribution showcases the unique strengths and passions of our students.

Our commitment to academic excellence remains steadfast, as evidenced by the outstanding achievements of our students in various academic competitions, examinations, and projects. I commend our dedicated faculty for their tireless efforts in providing innovative and engaging learning experiences, ensuring that each student reaches their full potential.

In addition to academic achievements, I am delighted to highlight the significant strides we have made in infrastructure development. Thanks to the collaborative efforts of our school administration, faculty, and supportive community members, we have successfully enhanced our facilities to provide a conducive learning environment for our students.

Whether it be renovated classrooms, upgraded technology labs, or improved sports facilities, these enhancements reflect our commitment to providing the best possible educational experience for our students. These activities not only foster personal growth and development but also instill valuable life skills such as teamwork, leadership, and compassion as we celebrate our achievements, let us also acknowledge the support and guidance of our trustee members, parents and non-teaching staff. Your unwavering support and encouragement play a crucial role in the success of our students, and we are truly grateful for your partnership.

Furthermore, I would like to express my sincere appreciation to the members of our Parent-Teacher Association (PTA) for their invaluable contributions to our school's development. The dedication and commitment of our PTA members have been instrumental in organizing various events and initiatives aimed at enriching the educational experience of our students.

Looking ahead, let us continue to embrace new challenges with courage, determination, and optimism. Together, we will navigate the uncertainties of the future and continue to strive for excellence in all endeavors.

In closing, I would like to extend my heartfelt gratitude to each member of our school community for their contributions, dedication, and commitment to excellence. May this souvenir serve as a lasting reminder of the strength, resilience, and achievements that define us as MEMS family.

School Phase: A Learning Journey...

Dhara Prajapati
8th Mercury

Throughout our lifetime we enter many phases of life. We learn new things and explore the world. In my opinion, school phase is the best phase of life. It is a phase where we learn new things- from ourselves, friends and teachers.

Pre-primary phase is a phase where the child holds a pencil. The child is introduced to various types of lines and then alphabet. This is a phase which children enjoy the most. This phase is also known as the phase of innocence. Primary phase is a phase where the child is taught about many skills that makes their brain sharp. Exams are carried out. Extra- curricular activities are introduced. This is a phase where students learn a lot from the outside world. Secondary phase is a phase where students are given extra opportunities for their betterment. Fear as well as love, importance, respect for their teachers are felt from the deepest part of student's heart. Sports also matters a lot, Many games are taught and matches are played. This even helps in choosing a career after 10th that the students will be pursuing. Some

students choose karate, cricket, etc. while others choose streaming subjects [For Example- Commerce] which will be their future career.

After 10th, there is a day of Farewell. It is a very emotional day. Unlimited entertainment flashback in their mind. Students become curious whether they will be able to stay connected with each other. Tears of joy and happiness are welled up in their eyes. This is a phase where unique bond of love and friendship is found; which is found nowhere in the world.

What Is Dark Web ? Should We Surf It?

Dhruv Khonde
Std - 9th C (Saturn)

What do you think internet is? Is it only limited till what you see or it is something deep down in the ocean of internet. According to Quora there is only 5% percent of search web on internet. Search web is a small part of internet which we use in our daily life. Search web includes search engines like google , yahoo! , Bing , Yandex , DuckDuckGO , Ask.com , etc.

Now, if we see only 5% of internet then where is the rest 95% ? The internet has 3 layers search web , deep web , and dark web. The deep web is 94% of internet but it can't be accessed easily. The deep web includes reddit, pastebin. The only 1% left is dark web. And we can't surf it on normal browser, we need a special browser to surf web which is called Tor browser. Its logo is of an onion cause it hides our identity in deep layer like onion has too many layer so it is probably impossible to trace a tor browser user. But as we have our normal e-mail account which ends as Gmail.com but in tor browser it ends as .tor . Dark

web is used mostly by elite hackers , cyber police , terrorists etc. but the dark web is misused now a days and I recommend not to surf dark web cause its not made for normal people as it may contain many disturbing contents and all illegal transfers like gun trade , drug dealing , organ donation , hiring killers etc. But we can't trade by our credit cards or by online payment methods on dark web ,as we know dark web is mostly used by elite hacker, so paying online is like giving our personal information to hackers ourself, so on dark web all trades are done by bitcoin.

My Best Friend : My Grandmother

Rownit Mangade
10th C (Pluto)

"Who is a best friend?", a person who is endearing, one who is above all the friends in your life, someone you have fun with and share your sorrows with, someone you trust the most and confide to, right? A best friend is honest and speaks from the heart with good intentions even if his friend feels bad about it, because he wants his friend to succeed. He is the one who enjoys your blooming days and stands by you in storms. He is your saviour as well as partner in crime. He is the best being on this planet for you.

For having all these characteristics, it's not necessary that he is your peer .These qualities can be looked for in any person you are well acquainted with; for me I see these features in my grandmother. There is a saying "a good friend is like a good book", but for me she is equal to a library full of interesting story books, biographies, history of local areas, general knowledge, science of things, desi medication and lot more.

Though I have many friends, however I love to spend time with my grandmother. Just like friends of same age, we play video games. Earlier she wondered; how can this generation play with a stick like structure(joystick) without a ball; but now she is a champion.

Though education was not considered important in grandmother's era yet she holds a graduate degree. I am very proud to say that she is a package of beauty with brain. She used to teach me during my pre-school.

"Time is precious and not to waste even a second", is her thought and which she strongly follows. She has a fixed routine; it starts with a morning walk, followed by puja and chanting mantras. After which she heads to kitchen preparing the breakfast. Her ritual proceeds by reading newspaper for hours, having meal and then listening to music. In evening she does some gardening, and meets her friends. Sometimes she reads books and notes important points from it. Due to her disciplined routine schedule, I too have got this habit of time management.

Friendship is one of the best relationship bonds that people share in the world. A good friendship is developed on the foundation of trust, loyalty, and faith. Without love and mutual respect, no friendship can last long. We must make valuable friendships throughout our lives. That benefits both of us as I learn from my grandmother and she enjoys with me. I pray to God for my grandmother's good health and long life so that she continues to be my best friend throughout this journey of life.

My Favorite Cricketer – M S Dhoni

Neil Shah

Std. – 10th B (Neptune)

Mahendra Singh Dhoni, also known as 'M.S. Dhoni', is a very successful and famous cricketer. He was born on July 7, 1981, in Ranchi, Jharkhand. Dhoni's journey from a simple background to becoming the captain of the Indian cricket team is truly inspiring.

Dhoni started playing cricket in 2004. He quickly became popular because of his great skills as a wicketkeeper and his aggressive batting style. In 2007, he led the Indian team to win the first T20 World Cup. After that, he achieved many significant things, like leading India to its first ODI World Cup win in 2011 and making India the number one team in ICC Test rankings in 2009.

What makes Dhoni special is his calm and composed attitude, earning him the nickname "Captain Cool." He is known for his ability to finish matches in limited-overs cricket with powerful sixes.

Batting in the lower middle order and rescuing the team from tough situations became his trademark.

Off the field, Dhoni is charismatic and humble, making fans all around the world love him. His hard work and dedication make him a great example of achieving success through perseverance. Dhoni not only played well but also guided and developed young talent as the captain.

Dhoni is a huge inspiration for many cricket lovers, showing that you can achieve your dreams with determination. His love for the game and leading by example make him a role model for aspiring cricketers.

Ban On Single Use Of Plastic

Krisha Mutha
Std. – 10th B (Neptune)

Plastic has been one of the biggest boons as well as curses of the modern age. And yet we find that it is used all around. We are all aware that it would take millions of years for plastic to disintegrate. The world is consuming and discarding things particularly made of plastic in colossal quantities. We know of its harmful effects. It chokes pipe, congests water bodies, endangers marine life as also degrades the quality of soil. All this is causing a threatening disturbance in the Ecological balance. However, what makes us to be indifferent to its ban? Why don't we ask citizens to ensure the bans on its implementation?

Perhaps, we don't see its harmful effects immediately. The above mentioned dangers are not visible to us and we think that they won't affect us. We don't seem to be concerned about our planet and the generations to come. The option of using it is so convenient that we fail to put in the extra effort of carrying over on cloth bag every day.

Minor changes like using paper or cloth bags, bamboo straws, plates made of dry leaves and steel containers go a long way in changing in the world. If each one of us decides to change ourselves, we can change the world. So, let's get into action and declare a ban on the use of single use plastic in our lives.

Being A Head Girl

Poorva Sarade
Std. – 10th C (Pluto)

Myself Poorva Sarade and I am the Head Girl of the school for the academic year 2023-2024. I hope that this short account of my time at Mahaveer English Medium School can give you a sense of what being Head Girl was like and the memories I have made at Mahaveer, where I have spent the last 13 years. Mahaveer has not just been a school for me or a simple place for learning; it has been a wonderful community that has taught me so much.

Being a Head Girl was an experience like no other. It was exciting every day and I got to learn how to take on responsibilities with passion and poise. Although the duty I did perform was "perfecting". A prefect stands on the stairs at the end of break times and kindly reminds the students how to behave. I also got the pleasure to do the compering for many programs held by the school which I enjoyed a lot.

During all these years I have made friendships like no others and bonds with teachers too. Mahaveer has been like my second family since the day I started in playgroup. Now that we are in standard X and inevitably moving on to higher secondary schools, I begin to look back on all my memories and what they meant to me. First of all the school has taught me how to be kind, respectful of others, patient, resilient, passionate, and committed to improve and to not take my privileges for granted. All the subjects from Maths to Science to History, Mahaveer has opened my mind to a variety of different topics and allowed me to pursue my passion in them. I am grateful for the variety of sports Mahaveer has offered: ball badminton, cricket, fencing, floor ball and the list goes on endlessly. Also, the school had arranged a number of workshops for the overall development of the students which were all fantastic.

Being the head girl, I saw the selfless teachers giving their 100%, in everything to the children and trying to take out the best from them. I never saw such dedicated and loving teachers who not only teach the students a particular subject but take care after their health and their all-round personality development. I am very grateful to the school for such teachers and of course the non-teaching staff who were there to help us every time we needed. I would certainly carry this experience of being the Head Girl of such a prestigious institution forward. I would also like to tell my juniors that being the best doesn't make you stand out, but being unique does.

Believe in yourself, have faith that you can and you will. There's nothing that you cannot achieve, and that was something I learnt all through this journey. I will always remember my school where little and naughty students like us have been transformed into intelligent, strong, confident, kind and helpful human beings.

An Exciting Ride Of Learning And Exploring

Purva Sharma
10th C (Pluto)

Student life, often referred to as the best years of one's life, it's a bundle of experiences that shape the future. It's a time when one embarks on a journey of academic pursuits, self-discovery, and personal growth. These years are marked by hard work studying, social interactions, and a quest for independence.

The classroom becomes a second home. But student life is not just about academics; it's a holistic experience. Friendship bonds provide the emotional support needed. The pressure to excel academically can be suffocating at times. Balancing coursework, extracurricular activities, and part-time jobs is a delicate juggling act. Financial constraints can add to the stress, making students contemplate their choices and priorities.

Despite these obstacles, student life offers a unique opportunity for self-discovery. It's a time when young minds explore their passions, talents, and interests. It's a period when taking risks is encouraged and opportunities are abundant. Whether through involvement in clubs, sports, or artistic pursuits, it's during this phase that one lays the foundation for future careers and aspirations.

Beyond academics and friendships, student life encourages us to explore the world. From educational trips to international exchanges, these experiences broaden horizons and expose one to different cultures and ideas. It's a time when one learns to navigate the complexities of the real world. These experiences broaden one's mindset, help in building a global outlook and enhance adaptability.

In conclusion, student life is a remarkable chapter in the books of everyone's lives. It is a rollercoaster of experiences that challenge us, shape us, and ultimately prepare us for the world beyond. It is a time of intellectual growth, enduring friendships, and personal discovery. Despite the trials and tribulations, it is a journey worth embracing, for it is during these years that lay the groundwork for our future endeavors and aspirations.

Student's life is a phase that bridges the gap between adolescence and adulthood. It's a transformative journey filled with academic pursuits, personal growth, enduring friendships, and the resilience to overcome challenges. This period of life is not merely a stepping stone; it's a phase where one lays the foundation for future, equipping oneself with knowledge, skills, and experiences that will serve us throughout our lives.

Why God Made Teachers....

Riddhi Gala
10th A (Uranus)

When God created Teachers,
He gave us special friends
To help us understand the World
And truly comprehend
The Beauty and the Wonder
Of everything we see
And become a better person
With each discovery.....

When God created Teachers,
He gave us special guides
To show us ways in which to grow
So we can all decide How to live and how to do
What's right instead of wrong
To lead us so that we can lead

गूगल

मान्यता जैन
कक्षा 7 वी ब

गूगल नाम तो सुना होगा ? गूगल सबसे लोकप्रिय सर्च इंजन है। इसका विभिन्न कारणों से उपयोग किया जाता है।

गूगल की शुरुआत लैरी पेज और सर्गेई ब्रिन ने 4 सितंबर 1998 को किया। इसे बनाने के समय दोनों ने इसका नाम 'बैकब' रखा था। पर कंपनी को रजिस्टर करते समय इसे 'गूगल' नाम दिया गया। गूगल के सीईओ सुंदर पिचाई हैं। इन्होंने गूगल सीईओ का पद 2 अक्टूबर 2014 को प्राप्त किया। गूगल का मुख्यालय माउंटेन व्यू, कैलिफ़ोर्निया में है।

गूगल पर यदि आप कुछ सर्च करते हो तो गूगल खुद जानकारी नहीं देता बल्कि वह जानकारी किसी पब्लिशर या ब्लॉगर ने लिखी हुई होती है।

गूगल हमें हमारे सर्च के संबंधित अधिक से अधिक जानकारी देता है। गूगल पर हर एक चीज का हल 99.9% होता है।

इच्छाशक्ति

दीक्षा पारख
कक्षा- 9 वीं (ब)

कुछ भी असंभव नहीं है आपकी वजह से कुछ भी असंभव नहीं है। आप ही हैं जो इसे संभव बनाते हैं। खुद पर विश्वास आपको उस असंभवता से मुक्त कर देगा जो दुनिया पेश करती है। मैंने पास ऐसे लक्ष्य थे जिन्हें हासिल करना मुझे असंभव लगता था, लेकिन विश्वास और दृढ़ संकल्प के माध्यम से मैंने चीजों को संभव बना दिया। हम सभी के पास अपने जीवन में आने वाली बाधाओं को पार करने की क्षमता होती है, जो हमें अपने सुधार के लिए बदलाव करने के लिए मजबूर करती है हमारे सामने आने वाली चुनौतियाँ जीवन में हमारी सफलता का एक हिस्सा हैं। उस प्रेरक शक्ति के बिना कोई सफलता नहीं जो भीतर से आती है, हम जितना अधिक संकष्ट होंगे, उतना ही अधिक भीतर की शक्ति प्रकट हो जायेगी, असंभव आपके बिना संभव नहीं है। सबसे कठिन काम को पूरा करने के लिए हमें एक ही उद्देश्य पर बहुत अधिक मेहनत, अति दृढ़ता और एकता की आवश्यकता होती है। हमें कभी भी परिणाम की चिंता नहीं करनी चाहिए। अपने विचारों, इच्छा शक्ति और क्षमता से हम सोचे हुए लक्ष्य को प्राप्त करने के लिए अनेक अवसर, परिस्थितियाँ और वांछित माहौल बना सकते हैं। यह सच है कि इस दुनिया में कुछ भी असंभव नहीं है, इसका तात्पर्य यह है कि यदि व्यक्ति में कुछ भी करने की इच्छा हो तो वह कुछ भी कर सकता है। "इच्छाशक्ति" उस हथौड़े की तरह है जो काँच को तोड़ देता है लेकिन स्टील जितना मजबूत बनाता है। दुनिया में दृढ़ संकल्प से सब कुछ संभव हो जाता है। असंभव शब्द खाली कहता है कि मैं संभव हूँ।

समय का महत्व

हर्ष वैचल
कक्षा आठवीं (क)

समय क्या चीज है ? समय एक ऐसी चीज है जो हँसने और सोने से भी महंगी है, समय की कीमत पैसे से ज्यादा है, समय किसी से भी लाकतवर है, दुश्मन से ज्यादा समय से सिखा जा सकता है। समय का बहुत महत्व है और इसका गहरा अर्थ है। इसलिए सफल जीवन के लिए समय के महत्व को समझना बहुत जरूरी है। समय का महत्व, जो ईमान सिखाता, वह जिंदगी में जरूर सफलता प्राप्त करता है। समय बहुत महत्वपूर्ण है, इसलिए हम सभी ने अपने काम समय पर करने चाहिए।

समय बहुत मूल्यवान होता है, इसलिए हम सभी ने समय का सदुपयोग करना चाहिए। समय का सही उपयोग करने के लिए समय नियोजन करना जरूरी है। हमें समय के महत्व को समझ कर उसका रचनात्मक ढंग से प्रयोग करना चाहिए, ताकि समय हमें समृद्ध करे, न कि नष्ट करे।

असंभव कुछ नहीं

उर्वी भट्टिजा
8 वी क

असंभव कुछ नहीं है। इस दुनिया में आत्मा की शक्ति से सब कुछ संभव है। जहाँ आप आत्मशक्ति को लगायें वहाँ वह कार्य हो जाता है। जैसे विद्युत को आप फ्रिज में लगायें तो पाणी थंडा होगा, गीजर में लगायें पानी गर्म होगा और सिगड़ी में लगायें तो आग पैदा करेगा। पंप में लगायें तो पानी को ऊपर टंकी तक पहुँचा देगा ! विद्युत माक शक्ति है। उसे जहाँ भी लगायेंगे, वहाँ उस साधन के अनुरूप कार्य करेगी। विद्युत शक्तियों, अणु शक्ति, परमाणु शक्ति आदि सब शक्तियों का मूल है आत्मा और वह अपने हृदय में रहता है। अतः असंभव कुछ नहीं।

ब्रिटेन के महान ओलम्पिक कोच हैरी माड्डिस ने सन १९०३ में कहा था कि - "माक मिल की दौड़ वह रिकॉर्ड ४ मिनट से ज्यादा का है, इसे भविष्य में तोड़ना मानव के लिए असंभव है। लेकिन आप जानते हैं की सन १९५४ में रॉजर बैनिस्टन ने इस माक मिल की दौड़ को ३ मिनट ५९.४ सेकंड में पूरा करके विश्व रिकॉर्ड को अपने नाम किया। इतने वर्षों में कई भावक ने प्रयास किया लेकिन सबके दिमाग में हैरी माड्डिस की असंभव वाली बात कही न कही साटकती रहती थी जिसके कारण असफल होते गया। लेकिन रॉजर बैनिस्टन ने पूरी दुनिया के सामने यह की ब्रिटेन के साबित कर दिया महान ओलम्पिक कोच का कथन असत्य साबित हुआ और इस दुनिया में, कुछ भी असंभव नहीं है। और यही नहीं पुनः १० साल बाद एक दूरी को ३ मिनट स्कूल के लड़के ने इसी ५९ सेकंड में 'विश्व रिकॉर्ड' को अपने नाम कर पूरा करके लिया। क्योंकि जब यह स्कूल जाने वाला लड़का ट्रैक। पर दौड़ा तो उसके मॉलिस्क में ब्रिटेन के, कोच हैरी माड्डिस का कथन नहीं था। उसके दिमाग में सिर्फ इतना याद था की जब एक आदमी कर सकता है, तो मैं क्यों नहीं कर सकता।

स्नेह संमेलन फुलांचे

राजवीर दाहोडे
इयत्ता 8वी ब

भरे स्नेहसंमेलन घडौत फुलांचे, गुलाब पुष्प अध्यक्ष होच त्यांचे..
वृंदावळत गारठला चाफा असा, सुगंधी पसरवतो उशीराने तसा..

गुलाबी घडौत ही गुलाबी फुलला, देवदर्शन का हारत गुफायला..
ओढून शाल मऊ अबोली हसली, सुगंधी लाट मोगऱ्या ने वाटली..

दुर्वर्तुच्या स्नेहाने राखणी जागली, जाई हसली कोपऱ्यात फुलली..

तेरकाने समजवता जाई हसली, निशिगंध बहरतात पहाट झाली..

गंधित सुगंध जो तो वाटत होता, कोवळ्या किरणात बहरत होता..
स्नेहसंमेलनाची गमतच गमत ही, घडौत तरीही काकडत होती..

हरेक पाकळी सांगते जगाला, कसल्याही संकटात रहा मजेत..

आई

इयत्ता 9वीं

ती जिच्या असण्याने माझे अस्तित्व आहे.
जिच्या असण्याने माझ्या घराला घरपण आहे.

जिच्या नसण्याने जणू या घराला अर्थच नाही
जिच्या नसण्याच्या नुसत्या कल्पनेने

अभू कधी घाबणारच नाहीत अने जिच्या असण्याच्या नुसत्या
चाहलीने
दुःख कधी आठवणारच नाही ती आई असते...

ती जी नेहमी जवळ हवी असते साकेतून घरी येणाऱ्या
प्रत्येक मुलाची हाक असते अन् जिच्या मायेची
प्रत्येकाला ओढ असते ती आई असते...

ती जी भूक विसरते तहान , झोप , दुःख, वातना विसरते
जेव्हा प्रसन्न तिच्या लोकांसाठी असतो जी स्वतः लाही विसरते
ती आई असते.....

न तिला तुमच्या पैशाची, न ऐशोश्याची गरज असते
जिला फक्त तुमच्या वेळेची , अन् प्रेमाची भूक असते ती आई
असते.....

स्वावलंबन

अनुवी देसावळे
8वी क

एक माणूस कामासाठी दुसऱ्या शहरात गेला. प्रवासात त्याची काही लोकांची ओळख झाली तेही कामानिमित्ताने त्याच शहरात
चालले होते. त्यांच्यापैकी काहीजण पायी, तर काही घोड्यावर स्वार होते. बोलत चालले असताना , एका घोडेस्वाराच्या हातून
चाबूक पडली. त्या व्यक्तीने त्या घोडेस्वारास खाली उतरू न देता , चाबूक देण्याची तयारी दर्शवली पण त्या सहकाऱ्याला नसपणे
नकार देत स्वतः च खाली उतरून त्या घोडेस्वाराचे चाबूक स्वतःच हातात घेतला. झालून मदत करणाऱ्या व्यक्तीने याचे कारण
घोडेस्वारास विचारले असता घोडेस्वार उतरला, आपण घोड्यावर बसतो तेव्हा चाबूक आपणच सांभाळावा लागतो. आपण
प्रत्येक गोष्टीत स्वयंपूर्ण राहिलो तरच आपल्याला यशाची सक्ती आहे असे समजवे.

तात्पर्य :- कुणावरही विरंबून न राहता स्वावलंबनाचा स्वीकार केल्याने यश मिळतेच .

आतून तुटलेली माणसं

आर्या श्रीगोड
इयत्ता 7 वी ब

आतून तुटलेली माणसं ठाम होत जातात, प्रॅक्टिकल होत जातात, इमोशनल होणं बंद होत जातात, आतून तुटलेली माणसं
व्यक्त होत नाहीत फारशी त्या लोकांपुढे तर बिलकुलच नाही , ज्याच्यामुळे त्यांना सहन कराव लागत असेल .कुणी म्हणाल
2+2=5 तरी ते It's okay man म्हणून पुढे निघून जातात वाद टाळतात. एका कालावधीनंतर त्यांच्यात भावनांची जाणीव
झपाट्याने वाढलेली दिसते.

समोरचा माणूस किती खर , खोट फाथशासाठी , स्वार्थासाठी बोलतोय हे पटकन समजून येत. काहीच प्रतिक्रिया न देता ही
माणसं पुढे निघून जातात, यातच खरा शाहजणपणा आहे. थोड्या कालावधीनंतर ही माणसं स्वयंप्रेरित होऊन जातात.
त्यांना कुणाचा सल्ला घेण्यामध्ये स्वारस्य नसते,, तसेच त्यांना कोणाच्याही मध्ये डबळाडवळ करायला आवडत नाही.. म्हणून
ही लोकं स्वावलंबी होतात. आतून तुटलेल्या माणसाला वादळाची संकटांची भीती नसते. कारण आपण लवू शकतो, याची सक्ती
असते . मनाला छोटा-छोटा गोष्टीपासून भावनीक होण्याऐवजी व्यहारिक होण्यापर्यंतचा प्रवासाची सुरुवात तुटण्यापासूनच
होते.

Parents Reviews

The school has improved in curriculum activities like yoga, dance, music, life skills, sports etc...

The quality of response, school is giving us is very reliable. We feel free to talk about more improvement for the school as the teachers and the principal mam are very co-operative with us.

I feel very happy about the drastic change the school has done for the students.

Thank you.

The new changes and rules made by school committee are really very well applied. The teachers and principal are doing a great job. Quality of food is excellent. Annual Grand-Parents day is also organized in our school. The school has improved in curricular activities like yoga, dance, music, sports....

As I am also a PTA member of 7th, I have contacted with trustee members and teachers. I personally assure that a huge change has been seen. The school staff has introduced unique activities in the school like voting is done for prefects and badge holders, which helps students to understand politics. I also liked the concept of division named as forts like Mandangad, Pratapgad and planets like Earth and Venus....

I'm very satisfied and very happy with the overall system.
Thank you.

School Song

महावीर विद्यालय है वे हमारा
ज्ञान का वह सुंदर सा मंदिर हमारा
ज्ञान का यह सुंदर सा मंदिर हमारा ।

श्रद्धा भक्ती से अज्ञान को मिटाके
ज्ञान का वही दीप जलाएंगे
हर संकट से लड़के निर्भय बनेंगे
देश का रक्षण करके स्वदेशी बनेंगे
वह संकल्प हमारा,
वह मंदिर हमारा ज्ञान का यह सुंदर सा मंदिर हमारा ।

इस मंदिर ने हमें पढ़ाया, संवारा
सद्धर्म सिखाके मिलके रहना सिखावा
इसकी शाल कभी हम मिटने न देंगे
यह निश्चय हमारा,
वह संकल्प हमारा ज्ञान का यह सुंदर सा मंदिर हमारा ।
